Dear Year 5/6 Parents and Carers,

Carlton North Primary School is looking forward to an exciting year of teaching and learning in 2026! To support our efforts, we want to share information about **voluntary financial contributions** that make a meaningful impact on our students' educational experience.

Our Commitment to Quality Education
CNPS is proud to deliver **high quality, engaging curriculum** that fosters growth in every student. Like most Victorian Government schools, our school relies on community support to supplement government funding.

While **curriculum contributions are voluntary**, and schools provide students with free instruction to fulfil the standard Victorian Curriculum, your financial support enables us to provide the **best educational environment and resources** for all students.

How Your Contribution Makes a Difference
Your contributions allow us to offer **specialist subjects** such as **The Arts, Physical Education, Italian and STEM**, as well as enriched learning materials and activities that go beyond the standard Victorian Curriculum.

Curriculum Contributions
A contribution is requested to cover the cost of **items and activities** that students use or participate in to access the curriculum, including:

- Stationery items and class consumables
- Maths materials
- Visual Art materials
- Science and STEM materials
- Online learning portals and support

By purchasing supplies in bulk, we can offer these items at a **significant discount**. However, if you would prefer to purchase stationery items yourself, a list is available at the office.

Extra-Curricular Items and Activities
Beyond the core curriculum, CNPS offers a **range of items and activities** that enrich and enhance students' school experiences, including:

- Camps, excursions and other activities - on a user-pays basis invoiced throughout the year
- School Music Program, a Chess Club, and optional school photos - through external providers

Other Contributions
Families are invited to donate to the school's general fund, or to specific purposes such as:
Additional classroom support
New library books and classroom resources/support
New playground equipment
Support the Swimming in Schools Program
Support for families wanting their child/ren to participate in non-compulsory extracurricular activities
(Please see attached for further details)

Building for the Future
Our **Major Capital Works project** will improve facilities but does not cover all landscaping or playground replacement. Your contributions will allow the School Council to grow and allocate funds to support this.

For those interested in **tax-deductible giving**, Building and Library Fund donations are eligible.

For further information on the Department's Parent Payments Policy please see one page overview attached.

Thank you for your continued support in creating a thriving learning environment at CNPS.

Warm regards,

Matthew Ferguson
Principal

School Council President

ONE PAGE OVERVIEW

PARENT PAYMENT REQUESTS

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
